**FINAL DETERMINATION OF ACCEPTANCE**

Petition of Noble Energy, Inc. ) Case No.: DOG-15-2008  
For Drilling Unit and Spacing Unit Exception for the )  
New Albany Shale Formation only, for the McCammon #1- )  
25H Unit located in the east half of Section 25, T7N,  
R10W, Sullivan County, Indiana, consisting of 320.63  
Acres

As provided in 312 IAC 16-5-2, an informal hearing was conducted under 312 16-2-3 and held in this matter on 10/16/2008, before the Indiana Department of Natural Resources (IDNR), Division of Oil and Gas (Division), at the Indianapolis Office located at 402 West Washington Street, room W293, Indianapolis, IN. The purpose of the informal hearing was to consider the Petition for an exception to the well spacing and drilling unit requirements filed by Noble Energy, Inc. (Petitioner) for the creation of a 320.63 acre drilling unit known as the Mary McCammon #1-25H Drilling Unit.

Having reviewed the entire record in this matter, and being duly advised, the Director of the Division of Oil and Gas (Director) makes the following Findings of Fact, Conclusions of Law and Final Determination of Acceptance:

**FINDINGS OF FACT**

1. Petitioner Noble Energy, Inc. is a Colorado corporation whose principal place of business is 1625 Broadway Street, Suite 2200, Denver, CO 80202. Noble is authorized to transact business in the State of Indiana and its agent for service of process is Karen Anspaugh, 49 Boone Village, Suite 168, Zionsville, Indiana 46077.
2. Indiana Code 14-37-3-3 requires the IDNR to regulate the spacing of wells for oil and gas purposes through the establishment of rules providing minimum distances between wells and adjacent properties, and minimum acreage requirements for each well taking into consideration of regional and geological characteristics and factors conducive to the most efficient and economical recovery of oil and gas.
3. 312 IAC 16-5-1 through 312 IAC 16-5-3 contain the rules adopted by IDNR for regulation of well spacing and drilling unit size.
4. 312 IAC 16-5-2 allows the Division Director to grant an exception to the spacing or drilling unit requirements of 312 IAC 16-5-1 and 312 IAC 16-5-2 where the request is supported by unusual regional or geological characteristics and the exception is conducive to the most efficient and economical recovery of oil and gas.
5. Petitioner asserts that Section 25, Township 7 North, Range 10 West in Sullivan County, IN is a regular section established within the rectangular survey system. The east half of section

twenty-five contains 320.63 acres, more or less.

6. Petitioner asserts that with the low permeability within the New Albany Shale formation, the use of horizontal wells is expected to more economically produce the formation, and that the use of horizontal wells by cutting across existing vertical fracture patterns within the formation can effectively and economically recover the natural gas resources from within a three-hundred twenty and sixty-three one-hundredths (320.63) acre drilling unit.
7. Petitioner asserts that reducing the drilling unit by applying the Non-Rule Policy published as DNR Information Bulletin #58 would require that an additional well be drilled in the east half of the section and that would be uneconomical and impractical. This would result in the correlative rights of some landowners being unprotected as they would receive no production revenue from the single well that is drilled.
8. Petitioner further asserts that the proposed drilling unit size will not result in a loss of resources within the New Albany Shale formation of the affected area.
9. Petitioner attached the following documents to its Petition:
  - a. Exhibit "A" – Schedule of Leasehold Interests
  - b. Exhibit "B" – Map of Affected Area
10. As required by 312 IAC 16-2-3 (c), notice of the date, time, and place of the informal hearing held in the Indianapolis Office of the Division of Oil and Gas on October 16, 2008 was mailed to each landowner on the schedule of leasehold interests on September 19, 2008.

11. The following persons were present at the informal hearing held on 10/16/2008:

<u>Person</u>	<u>Representing</u>
Scott Lewis	Noble Energy, Inc.
Jim Curry	Noble Energy, Inc.
Karen Anspaugh	Nobel Energy, Inc.
Mona Nemecek	IN DNR Div. Oil and Gas

12. No comments or objections to the Petition were submitted by any other parties, on or before the date of the informal hearing.
13. No comments or objections to the Petition were submitted by any persons present at the informal hearing.
14. Based upon a review of all relevant information, the Petition should be accepted in order to allow the Petitioner to proceed with the efficient and economical development of the Affected Area in accordance with the Final Determination of Acceptance.
